

JENNIFER M. GRANHOLM
GOVERNOR

STATE OF MICHIGAN
DEPARTMENT OF TREASURY
LANSING

JAY B. RISING
STATE TREASURER

February 11, 2003

Dear Sir or Madam:

It recently came to my attention that the fillable version of the 2003 Cable Television and Utility Personal Property Report (Form 3589), which appears on the Treasury Department Web Site, had a mistake in it. Specially, **Table H** used to report **Gas Distribution Assets**, was calculating improperly.

While the new multipliers adopted by the State Tax Commission on June 14, 2002 were listed properly on Table H, the old multipliers were still imbedded in the calculation formula. **This mistake was corrected on February 10, 2003.**

If you used the fillable version of Table H found on the Treasury Department Web Site prior to February 10, 2003, the amount calculated by the form is too high. However the form now calculates correctly.

Please accept my apology for any inconvenience this mistake has caused.

Sincerely,

A handwritten signature in black ink, appearing to read "Dennis W. Platte".

Dennis W. Platte, Administrator
Property Tax Division
